And the seasons they go round and round
and the painted ponies go up and down
we're captured on the carousel of time

we can't return . . . we can only look
behind from where we came
And go round and round in the circle
game

Ten
Years
After . . .

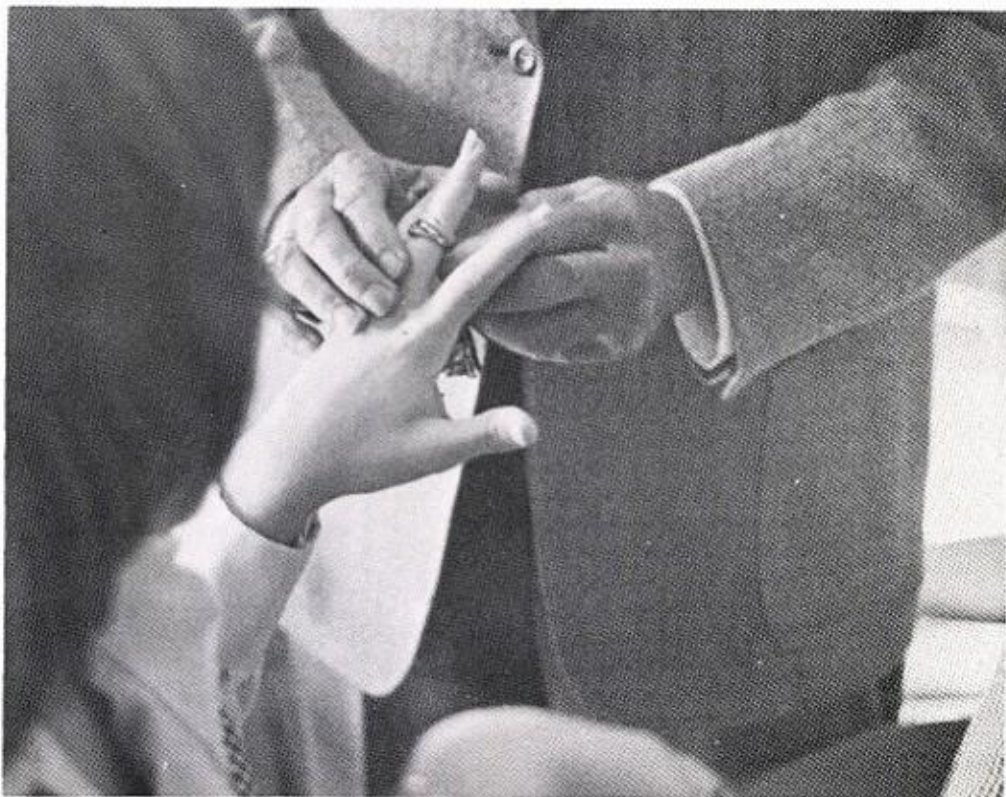

Ten years after . . . the beginning!
What was the beginning?

After the paper work was done . . .
After the land was cleared . . . After the
surveyors left . . . After the buildings
were raised . . .

We arrived.

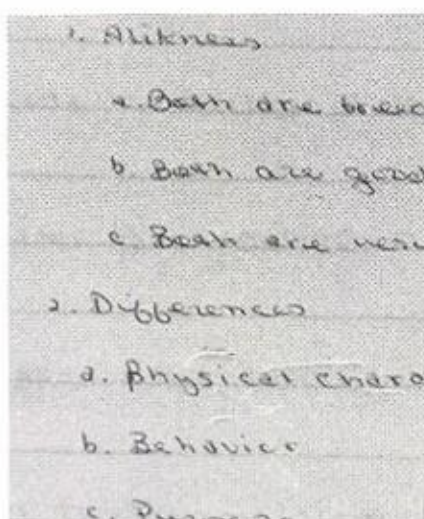

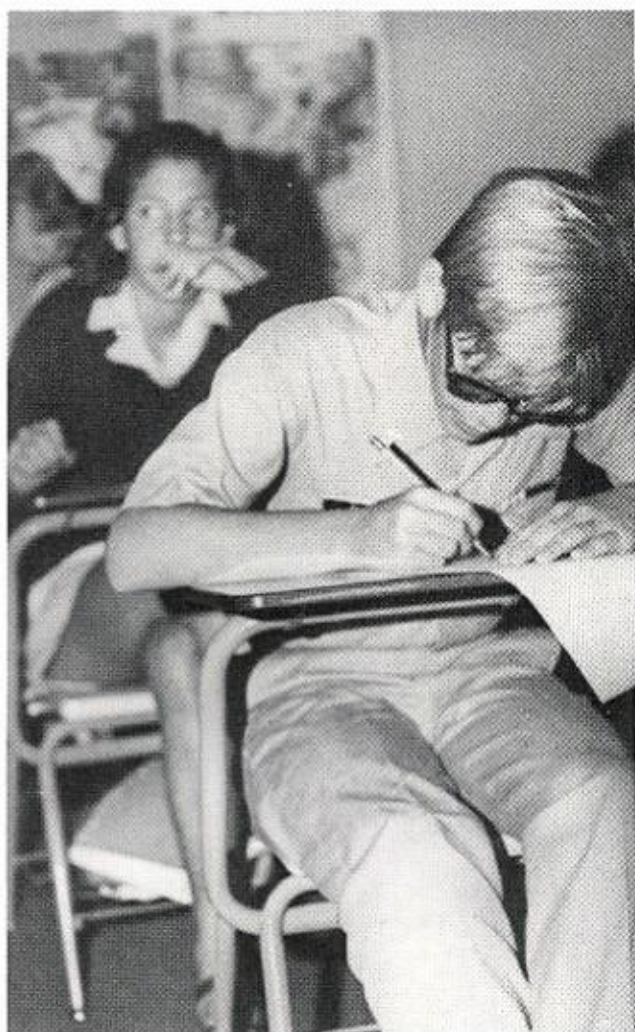

Ten years after and who will remember . . .
the times we laughed, cried, tried to but couldn't, did but didn't know why, hoped but felt despair,
despaired silently . . . and a hand slid into mine saying it was "O.K."

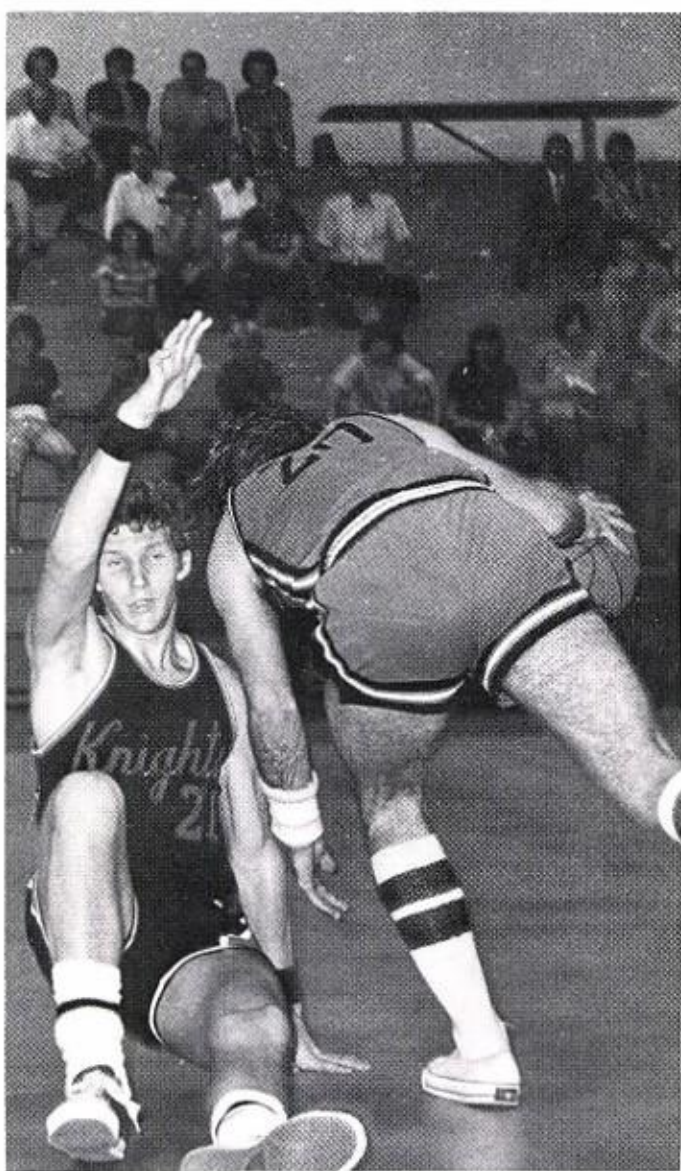

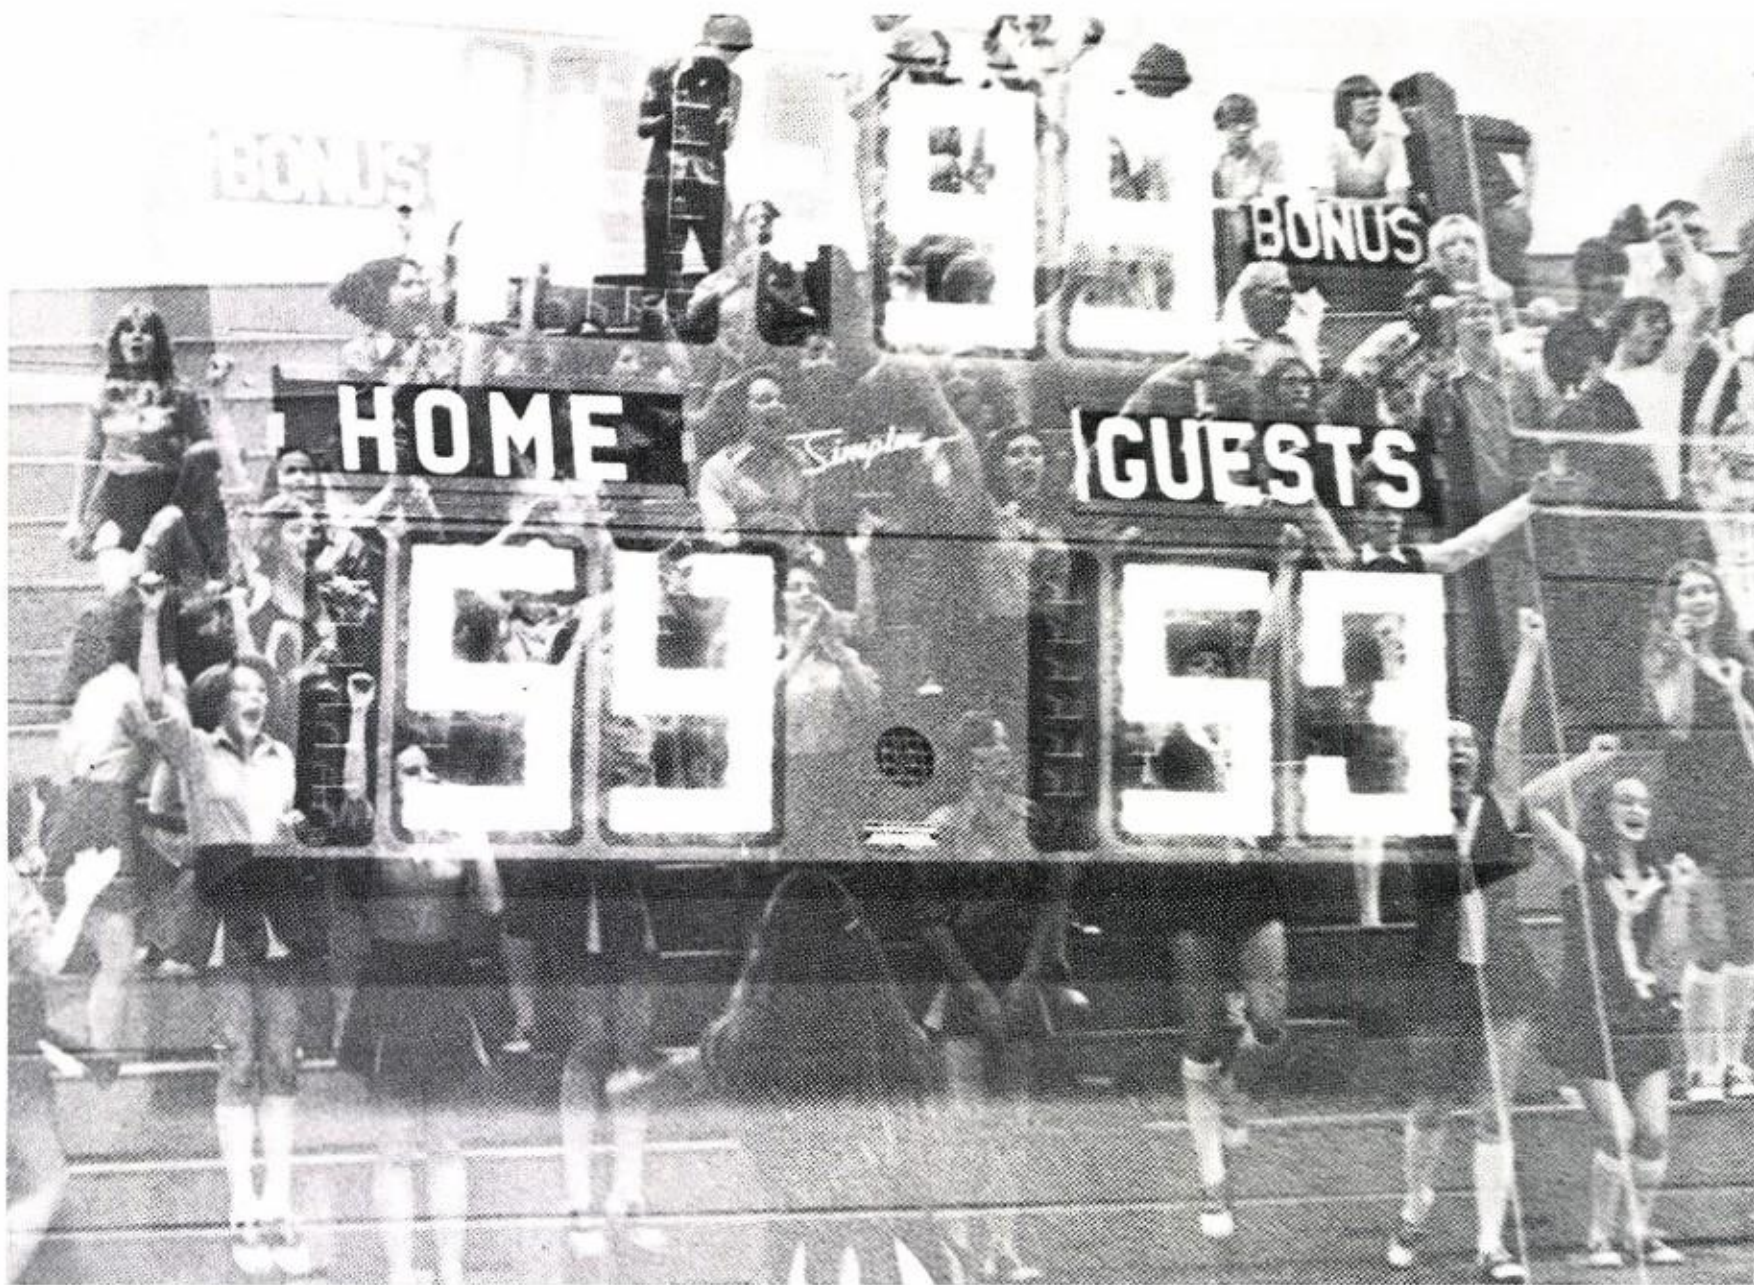

new faces, new smiles, new hopes . . . the
times to come that we'll go through together . . .

The books . . . the lines . . . the fights . . .
 Meeting in Room 205, donut sale, there'll be
 a meeting in . . . all meetings cancelled . . .
 Hope you can come next week so
 We can get started!

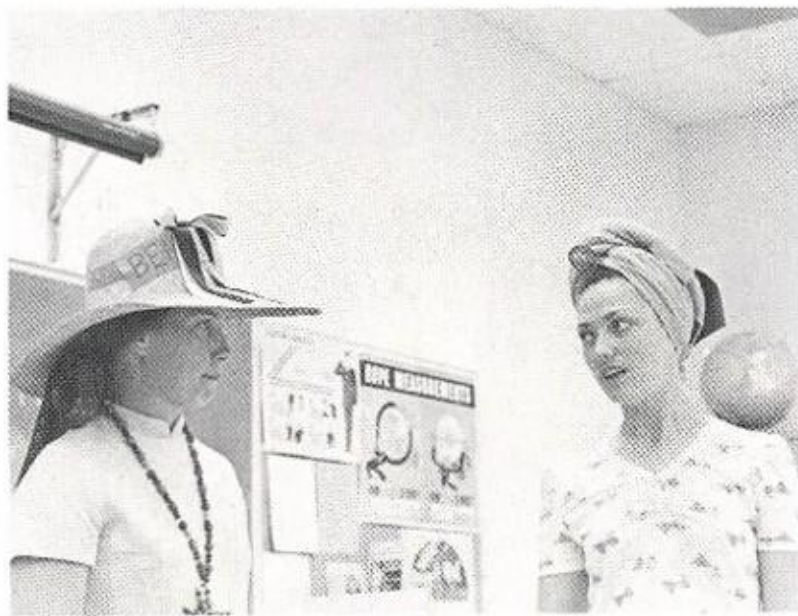

The big test! Where are my
 notes . . . where is my locker
 combination?
 I'm O.K. . . . We're O.K. . . .
 are you O.K.?

Are you going to remember? Are you going to remember the glories, the hurts, the embarrassments?

Announcing:

rules, tests . . .

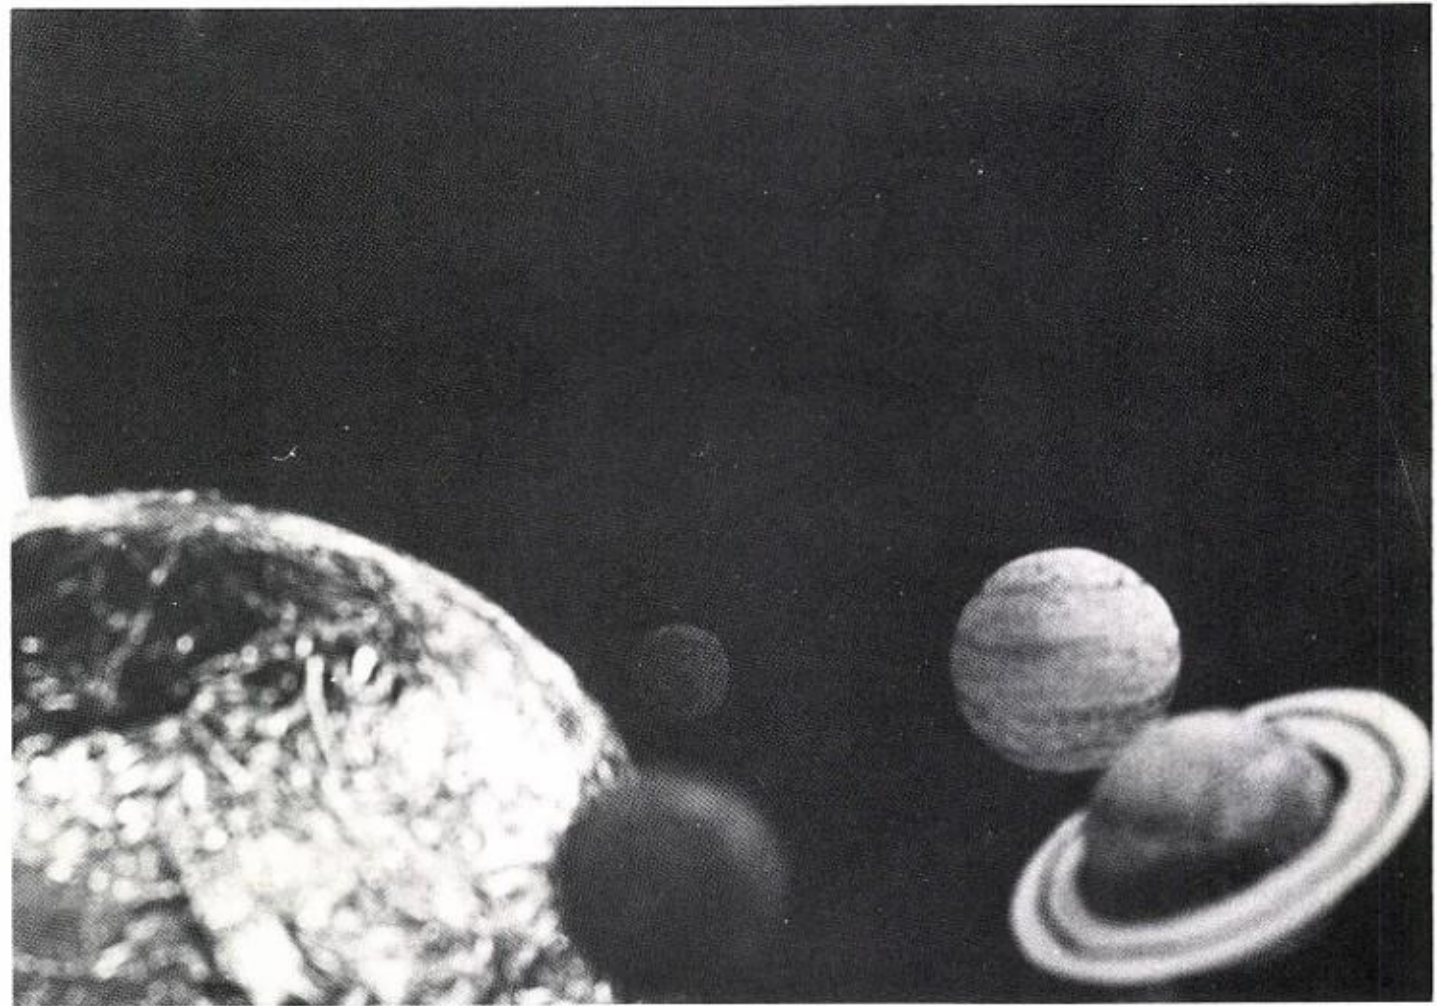

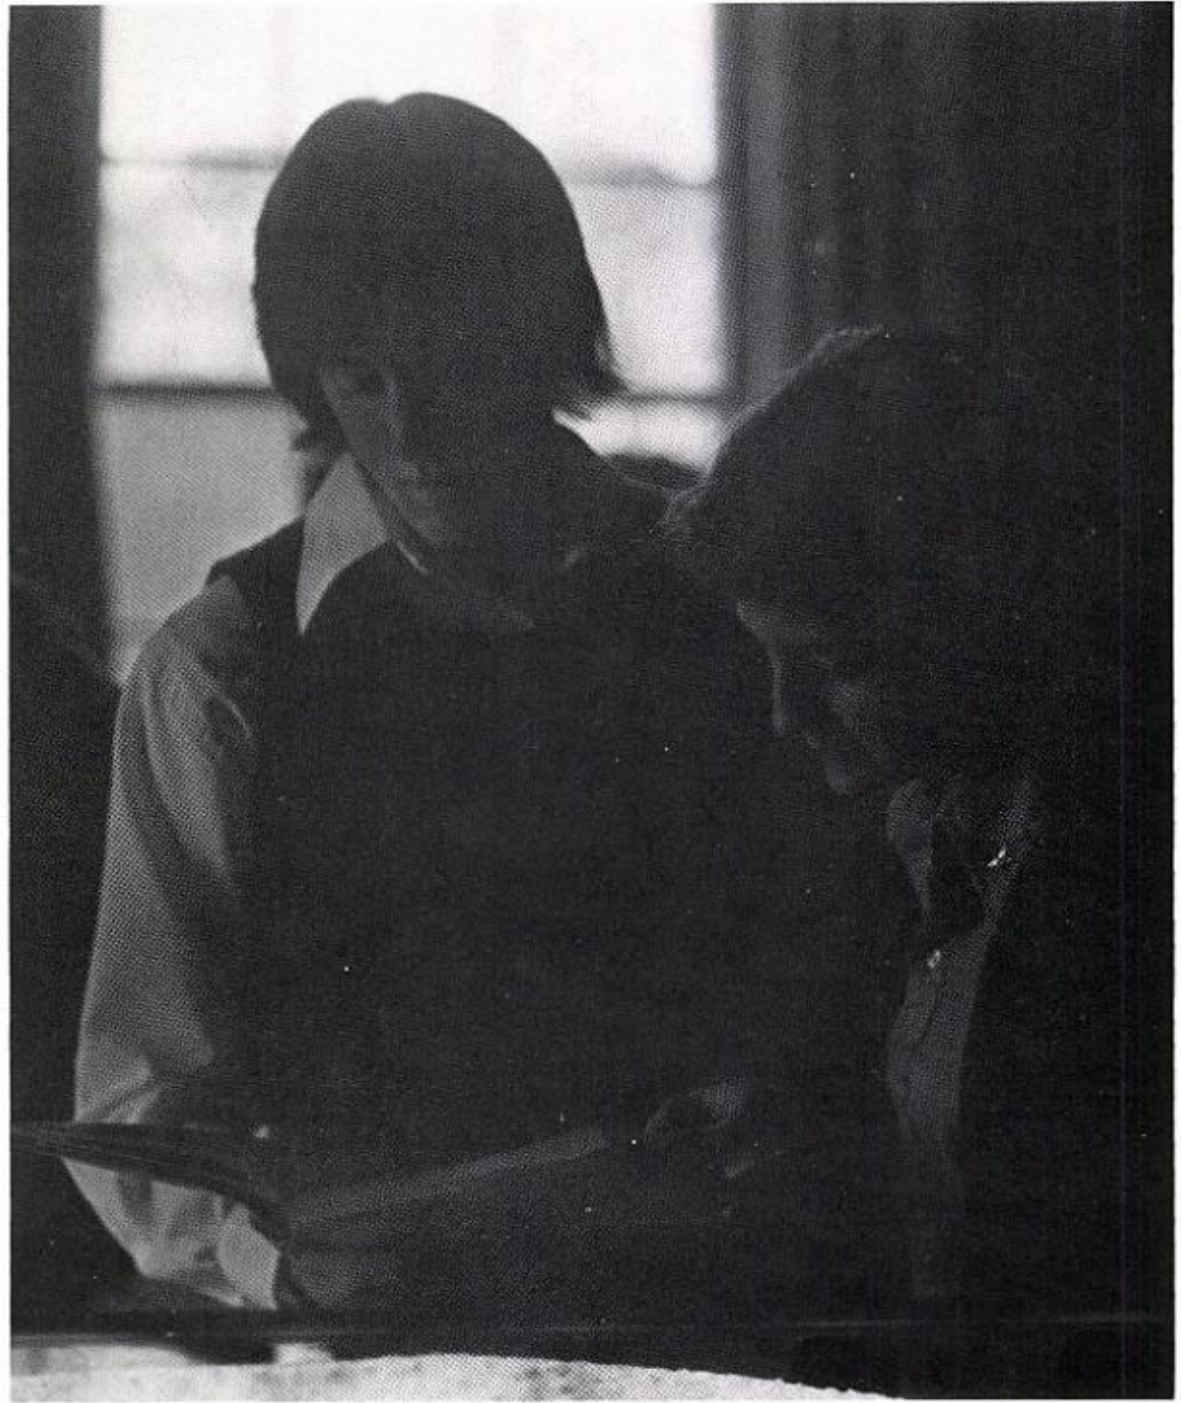

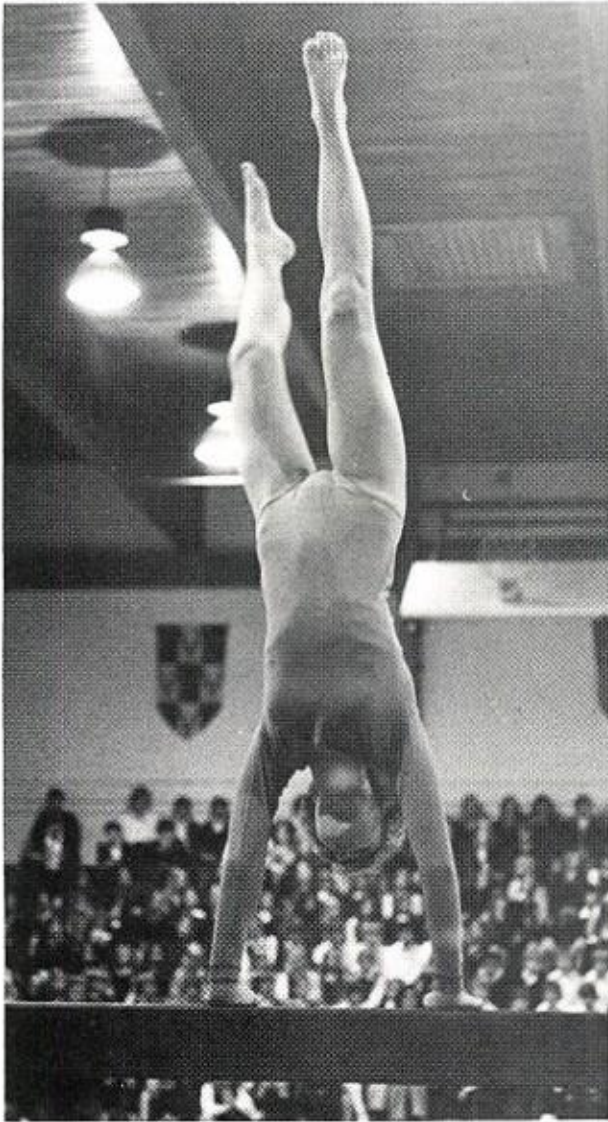

fun and games . . .

all the festivities . . . the
time the carnations came
and I sat wondering — did
he really mean it? . . . we
dressed up in the past, but
stood mystified by the
future . . .

DECADE OF ACHIEVEMENT

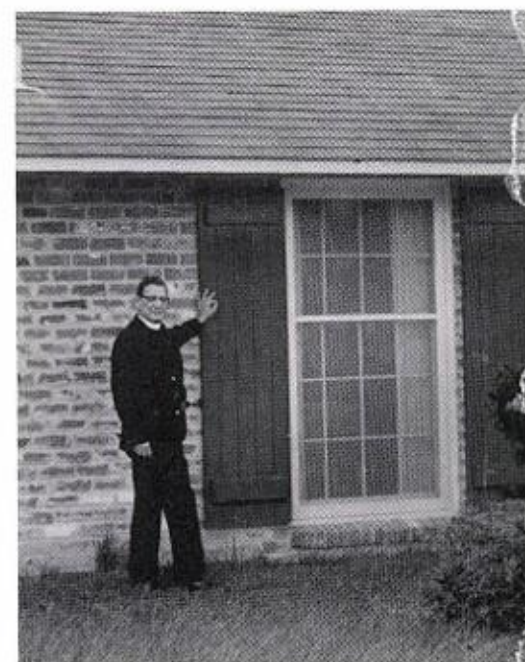

Only an image on paper in 1964, Episcopal High School became people when twenty graduates from St. James' sixth grade met in Mrs. Webster's newly furnished classroom one August morning in 1965.

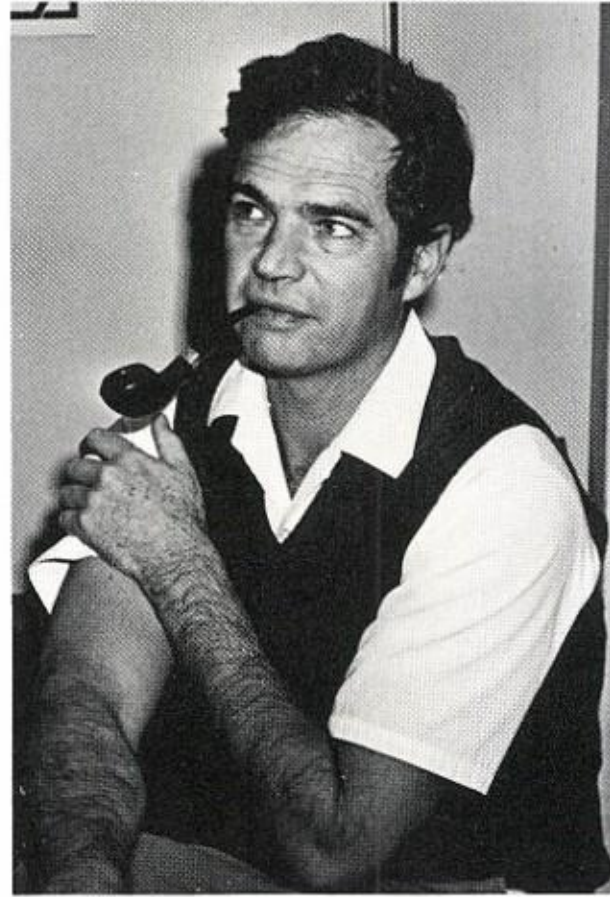

The passage of time makes that day itself seem like a dream, but since then, nearly a thousand young people have sat, or wiggled, before more than a hundred different teachers.

Now, a decade later, those who have invested time and money to develop our program and facilities, have generously and lovingly dedicated themselves to your future. A thought from Dr. Ralph W. Sockman may inspire you as it has us:

"A person lives as he invests himself in other lives . . . a man is immortal as he is useful. He lives as long as the thing in which he has invested lives."

The Rev. Ralph K. Webster

As student body president, I was able to observe many aspects concerning Episcopal High School's academic and competitive spirit. I feel that EHS has come a long way towards being one of the finest schools in Louisiana.

This year the STUDENT-FACULTY COMMITTEE took on the added role of judiciary body of the school and this meant newer and more challenging responsibilities. It has accomplished a great deal towards streamlining the disciplinary system of the school. Hopefully, we will look back on this as the beginning of a good thing.

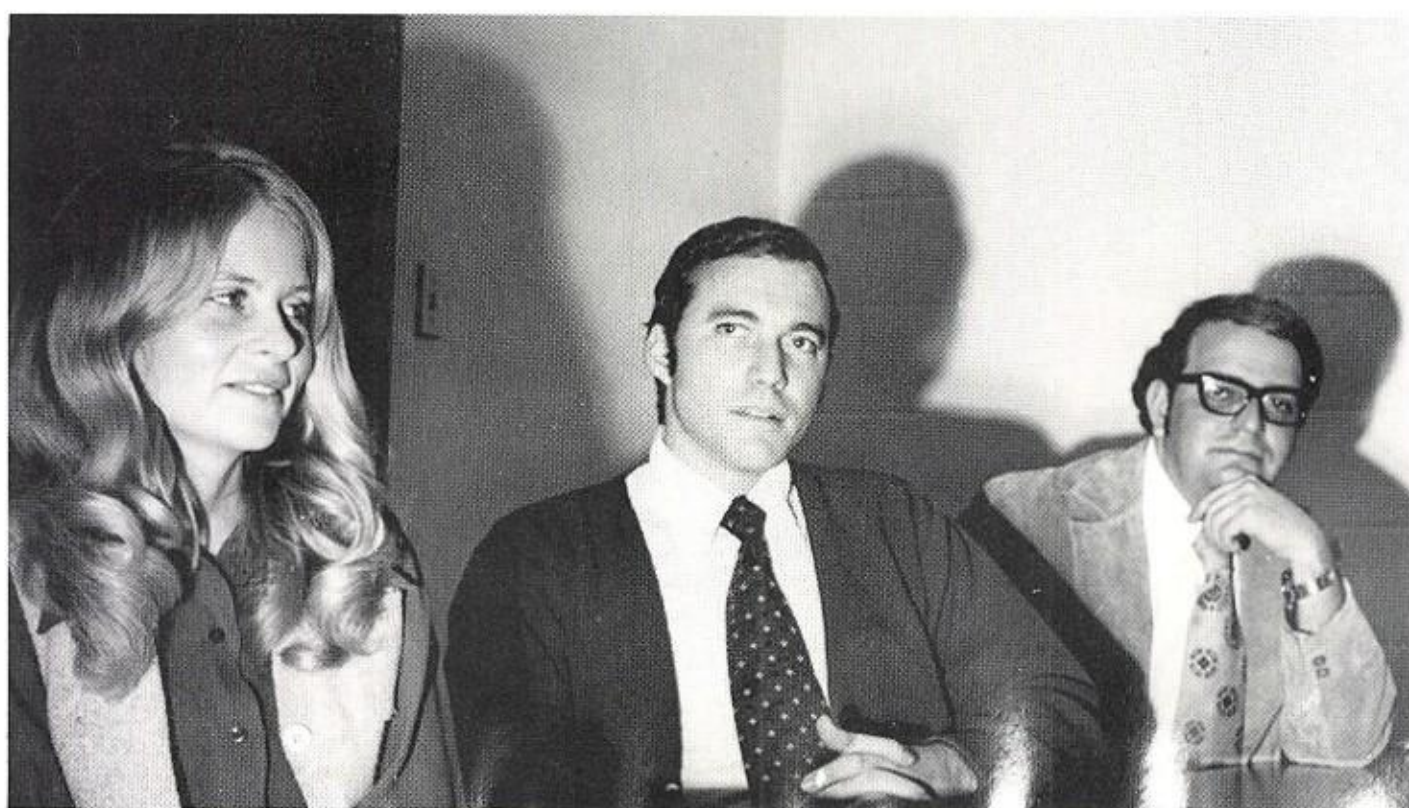

The athletic department and participants, suffering from the loss of most of the coaches from last year, has come back strong and reflects Episcopal's competitive spirit as the finest ever.

As the year comes to an end, we should look back and think that possibly this year has been one of the finest years EHS has ever had.

The following sayings, written by the Middle Schoolers themselves, are images of their activities and school life which, in a few years, will greatly change. In reading these sayings, keep in mind how these students, the future seniors, will grow and how they will be . . . ten years after.

SPORTS

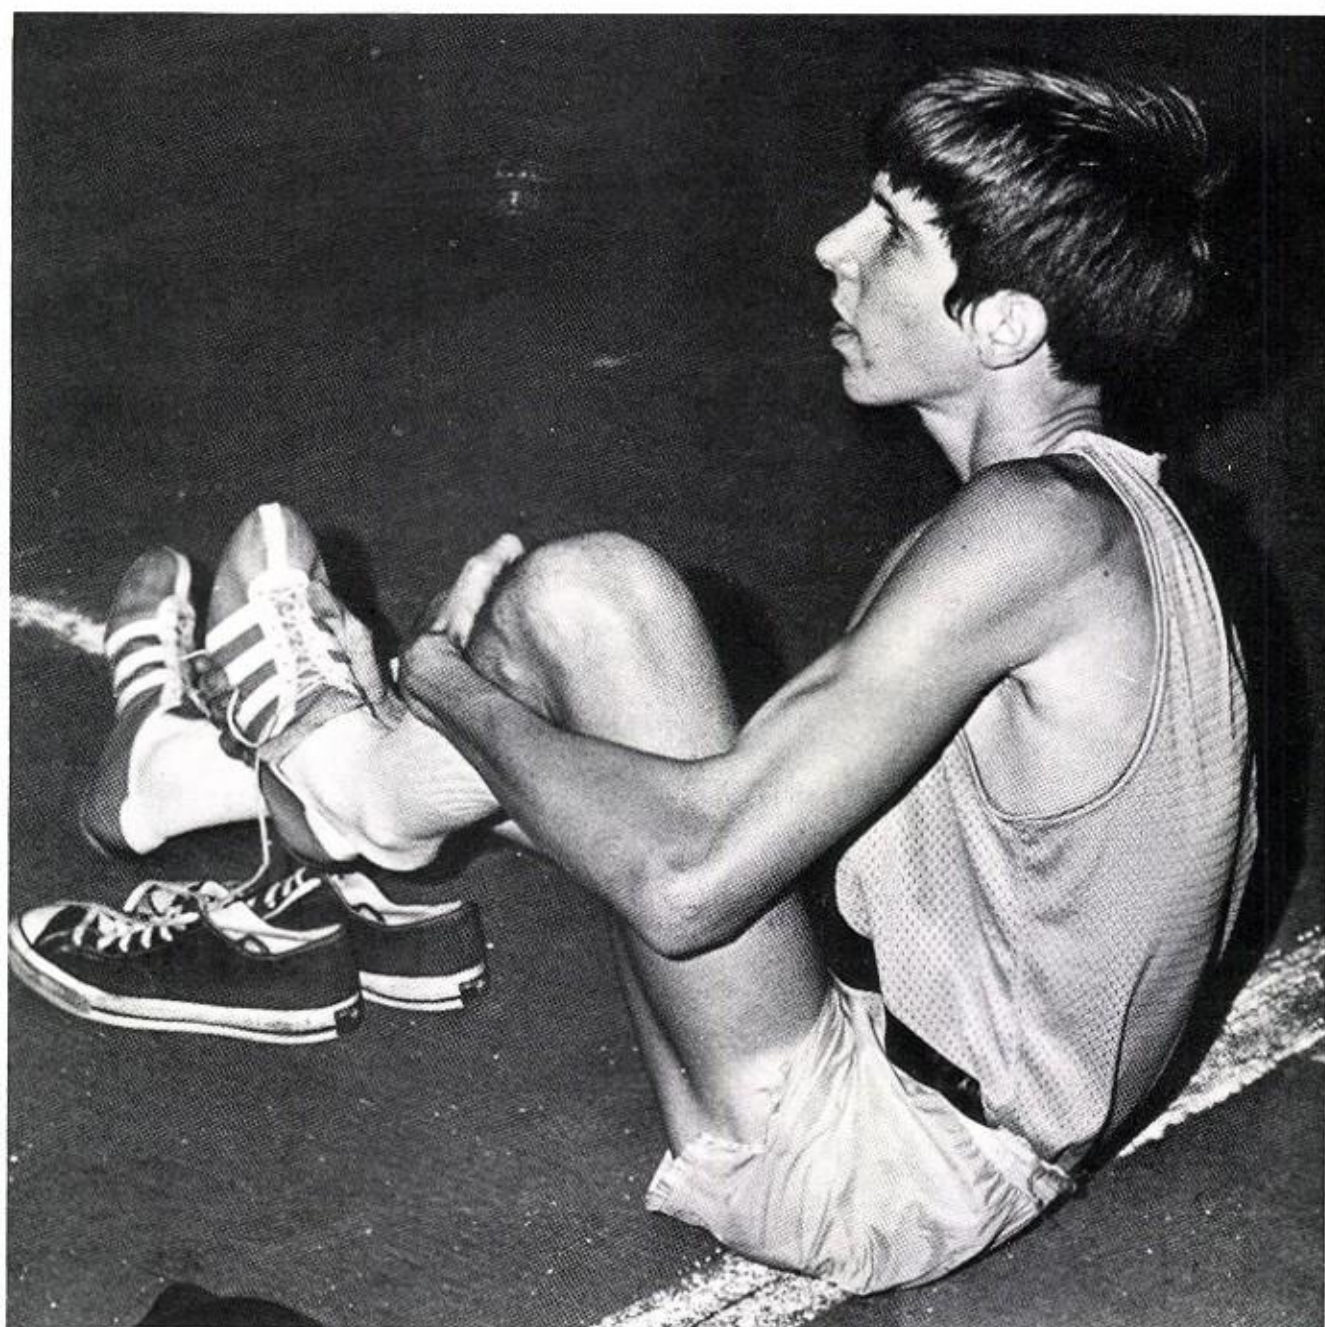

Track

Track marks both a beginning and an end for the school life at E.H.S. It falls at the beginning of the ACCOLADE'S planning year and the final sports event of the school calendar. This dichotomy holds in one other area of track — the nature of the sport itself.

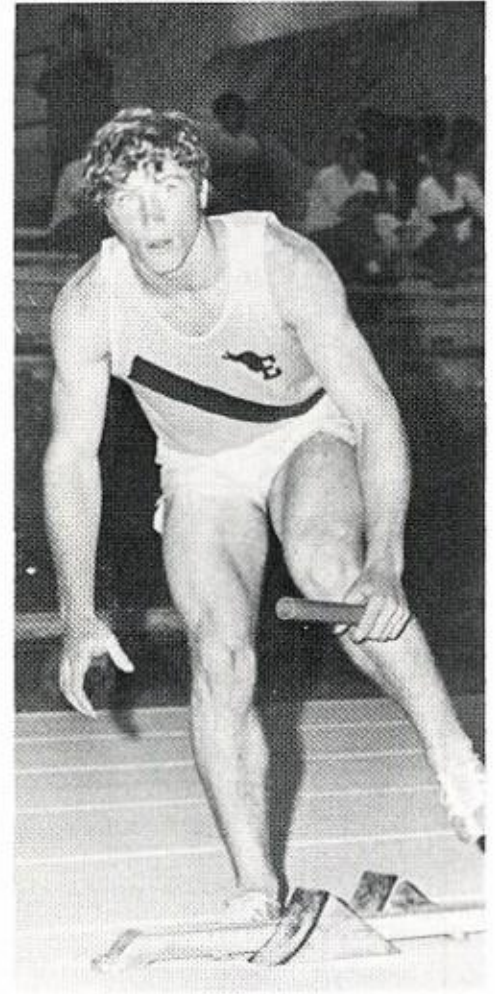

It is one sport that, while a team total is kept and some events have members, most events put the individual on display to either succeed or fail according to his own ability. With only one winner per event (and a host of losers, if you can call it that), the individual feels the intense excitement of his own accolades or the lonely disappointment of loss before the eyes of all spectators. In track, the individual has truly been on display.

At Episcopal High no sport is emphasized less (of the three major ones) yet no team has done as well as the track team in district (1st, last three years) or bi-district competition. Maybe this sport says a lot about the individual will of many of our athletes to excel both as members of a team and as a person.

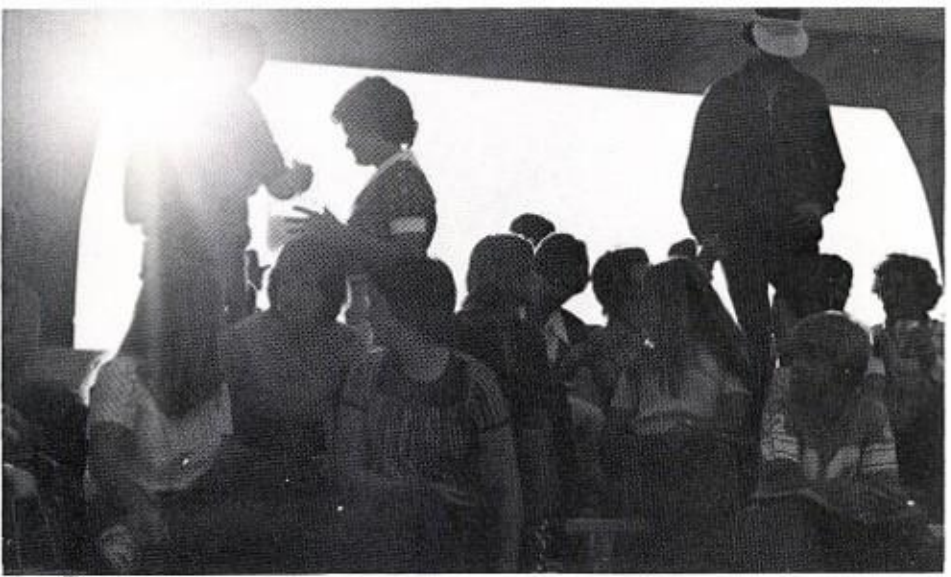

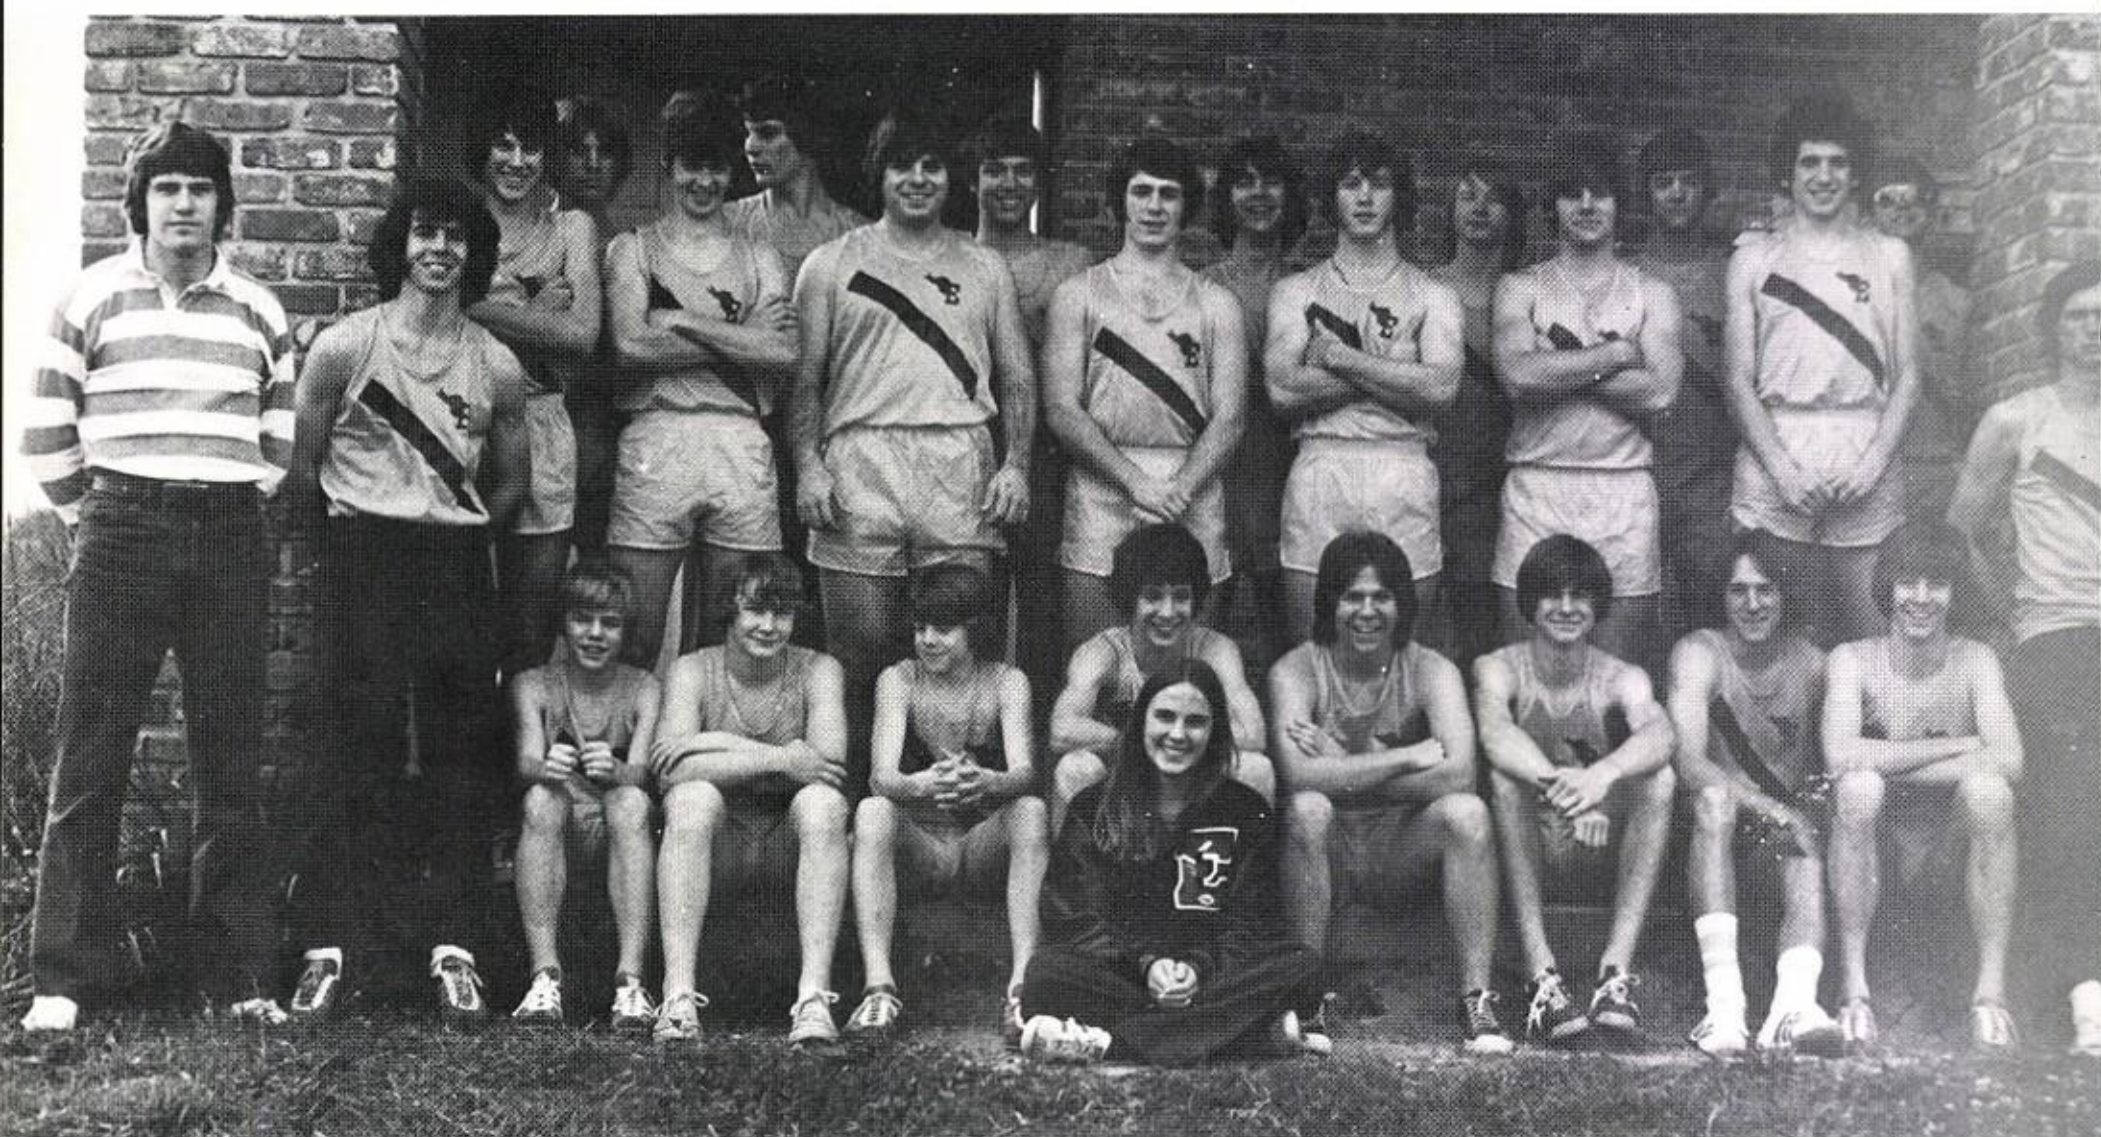

To forecast success (as Howard Cosell knows) is often disastrous for the favored team but we do hope they have done their best by the time these words are finally printed and in your hands.

Cross Country

Cross country is another new sport added to the EHS schedule this year, and like most new sports, the team began working out the growing pains of a new and difficult way to run. It is a tough sport. Distances are often as long as four miles over hilly terrain. But it is a young team, eager to grow and establish itself. Good luck.

CAMP, hot as you know where, and we were stiff and sore . . . those bunks are bummers. Practice at 6:30 in the morning and the sun wasn't even up yet. We were served steaks so big they covered the plate and were two inches thick . . . thank the Lord it's Saturday and we can go home!

Our first game, the PORT ALLEN JAMBOREE . . . Sibley just called coach, he's got a 103 temperature. No rain at camp when you need it, but it rains all week before the first game . . . A loss with 0-12 but we still held our confidence. We had a good team; we just didn't get it all together . . . Camptains for the season were Ramey and Hodges, two fine choices.

NORTH PIKE on September 6 . . . The team spirit was great! What a way to start the season off right, with injuries! . . . Weather was fantastic for football, nice and cool . . . We found out that Shallcross was ineligible because the LHSAA had never received his birth certificate . . . It was a close game until the fourth quarter, we had a chance but blew it! 28 to 12 . . . you have to know the bad to appreciate the good.

ST. MARTINS on the 14th . . . We came to school at 1:00 Sat. for the long bus ride to the game . . . total disaster with not much to say . . . 0-33.

Next came ALBANY, Hank was unbelievable . . . he had 4 fumble recoveries . . . with total team effort the final was 27-0 . . . Nothing can be sweeter than the taste of victory!!

LIVONIA liked to hit more than win . . . So since it is more blessed to give than to received, we gave them a good whipping . . . 26-0.

There was finally a half decent write-up in the paper . . . But, Russell sprained his ankle, Sibley out with a form of asthma . . . at least Charlton was back.

LIVE OAK coached by Davis, should be a hard hitting game. With 26-0 victory we had now shut our last 3 opponents . . . all thoughts on U-High.

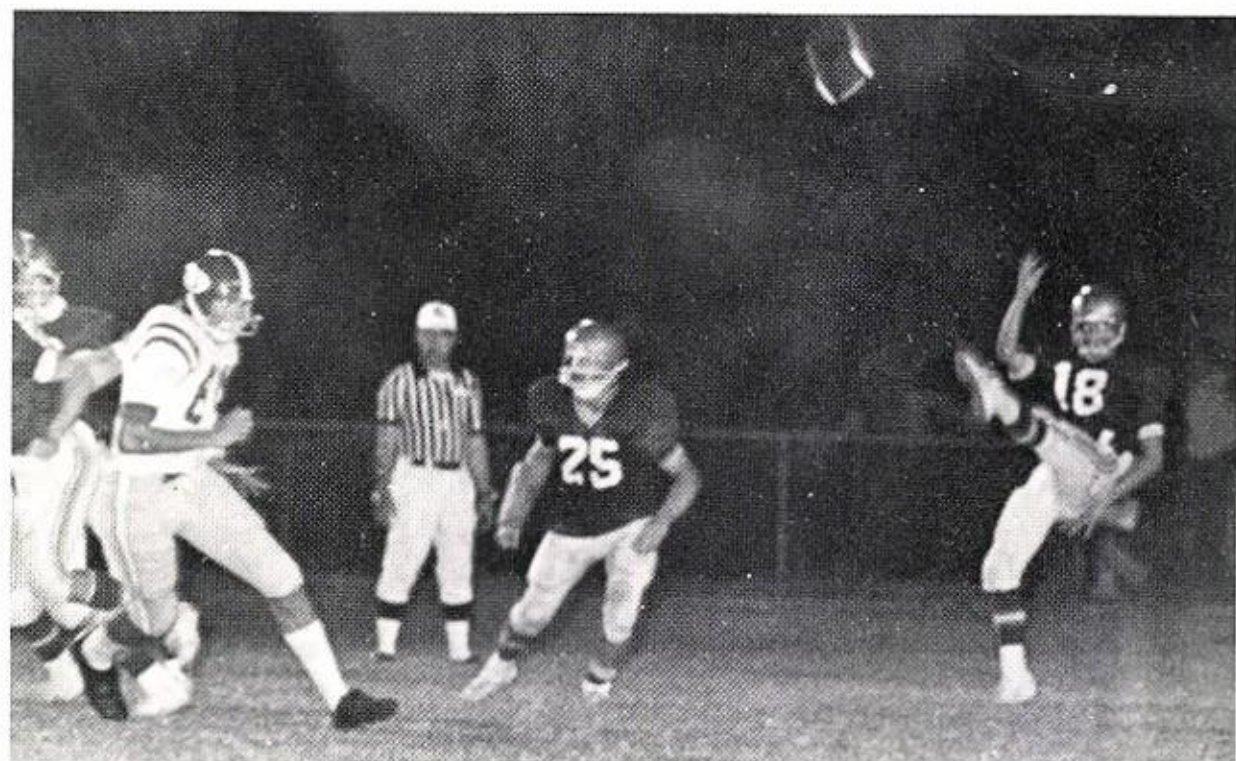

U-HIGH, our rival, was played at Bernie Moore Track Stadium . . . astro-turf . . . "Beat U-High" . . . our only consolation was that we lost to a good team . . . 0-21.

Homecoming Week was a most festive time . . . We were pretty confident that we could take CENTRAL CATHOLIC . . . This was the first time we played at Westdale and the field was in good shape . . . Their 37 yard field goal made the difference.

We knew ASCENSION CATHOLIC would be tough because they were last year's champion . . . The length of the game took its toll . . . We lost 0-34 and the only thing to do was to prepare ourselves for the final game with St. John.

ST. JOHN, the number one team in our district . . . We completely changed our offense to confuse them, and it did most of the time . . . With this loss of 34-0 we ended a somewhat disheartening season.

This year, the Knights opened their season with a new change; Jeff Taylor had taken the coaching position and everyone was anxious to see how the team would adjust. The pre-season games actually served as incentive for five individuals to work as a team before district play. For the first season in the Knight's history, they beat two Quad A schools: East Ascension and Assumption. The Knight's record at the end of pre-district play was 14 and 7.

The Knights faced much tough competition in the future. They were predicted to place third in district after Brusly and St. John, but the team felt there was only one team to beat, Brusly. Excitement picked up when we lost to Brusly by only three points, and won a close victory against U-High at the Assembly Center.

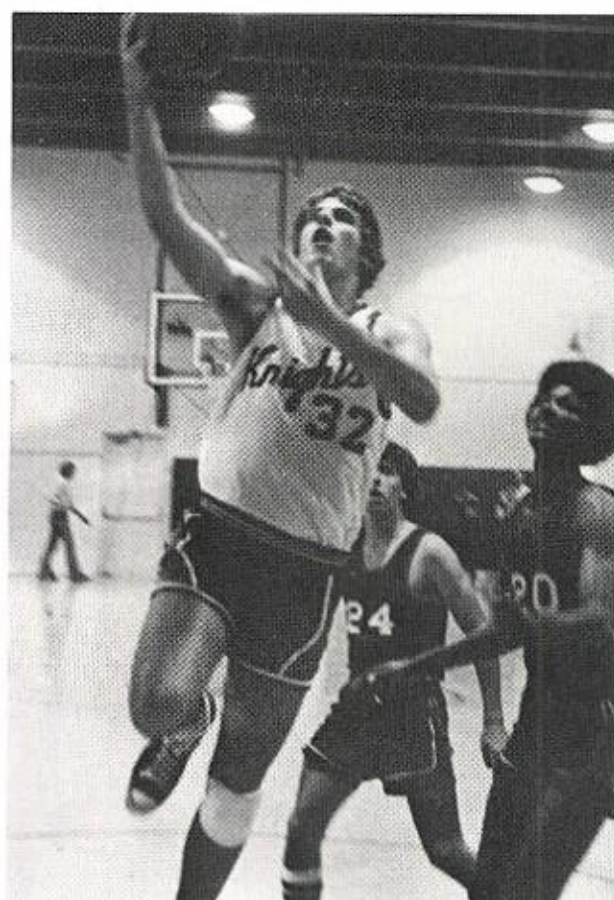

The second round held some surprises; a slump hit the team and they were badly defeated by Brusly in their gym, and by St. John at home.

St. John turned out to be the barrier between the Knights and a playoff berth. Everyone showed up for the game and victory was ours by four points. We were on our way to fight Chaneyville at Baker, which proved to be a tough Friday night match. The Knights fought hard, but came away with a disappointing defeat.

The J-Vees played well all season, ending with a 16-4 record, almost as good as the Varsity record of 22-11.

National Honor Society

George Paul, Bill Borger, Steve Sessums, Anne Carter.

The National Honor Society has as its purpose to enable the faculty to give recognition to outstanding students and to stimulate respect for scholarship and constructive, responsible work. E.H.S. has been a member of the Society since April, 1972 and its primary purpose is to recognize outstanding scholarship for students in eleventh and twelfth grades.

Altar Guild

Anne Carter, Martha Goodhart.

Acolytes

Malcolm Dougherty, Mark Townsend, Gordon Brown, Ed Shallcross, Wilson Reynolds, Will Wright.

The Altar Guild and Acolytes are newly formed organizations which afford girls and boys a chance to participate in the religious program. By insuring cleanliness and order in the chapel surroundings, especially in the sacristy, they allow the clergy time to handle other functions. This is their first year and they are not fully organized but they feel confident that membership will grow next year.

Jr. Beta Club

This is the first year of the Junior Beta Club at Episcopal High. We have had several fund raising projects and a tutoring service for middle school students. We have tried to set high standards for future Jr. Beta Clubs to follow. We are going to try to have an ecology project in the spring.

All the world's a stage
And all the men and women merely players.

As You Like It (Act II, Sc. 7, Line 139)

The stage at Episcopal is growing — summer workshop produced *PENELOPE*, *PRIDE*, *OF THE PICKLE FACTORY* for the Baton Rouge Community Arts Festival and the newly named Episcopal Players then repeated their performance for the opening of school. Halloween was the occasion for a Wear-A-Costume Day to raise money for the Players' productions. Many hours of rehearsing saw the presentation of a night of one-acts, *THE WIDOW* and *A THING OF BEAUTY* and a rare treat was provided by playwright Maurice Berger who wrote *A THING OF BEAUTY* when he met with the players to discuss his play and characters with the cast.

Plans for the spring include a workshop production by the Speech class and hopefully a full-length play.

The Players are attempting to bring the stages of the world to Episcopal High and to introduce all who are interested to our world — the stage.

Key Club

The Key Club is an international organization patterned after and sponsored by Kiwanis International. Our club has conducted an active program of serving projects for school and city. This year the club has been in charge of chapel maintenance, concession stands and gate at both football and basketball games, and has been involved in campus beautification. In city service, we have worked for the Disabled Vets and Heart Fund and played in the Muscular Dystrophy Football Marathon at L.S.U. Our club is composed of students interested in serving others, are able to give their time, and are responsible workers. This club looks forward to more and better projects each year.

The Demoiselles endeavored to accomplish two major objectives during the school year; service to our school and service to our community. For the school, we took on responsibilities such as hostessing parent's night in Sept., helping the Mother's Guild by serving at the November Supper Auction, and sponsoring a buffet meal for the coaches and referees at the annual invitational basketball tournament in December. Our fund-raising tasks consisted of a candied apple-popcorn ball sale in the fall, a spring fashion show, and a bake sale. On Dec. 21, our organization boxed Christmas toys for the Volunteers of America and on Dec. 23, delivered them to needy families. We hope through our projects we have shown an interest to those living around us as well as to our own school. Our contribution from fund-raising projects was given to Father Webster for special school projects.

Equites Romani furthers interests in the classics by involving students in some of the ancient traditions and festivities. These include a Slave Sale, which is our chief money-raising event, Saturnalia, and the Roman Banquet. While learning more about what the Romans did, we have a good time!

Judo Club

The Judo Club is just over a year old and has grown greatly. The club's instructor is Mr. George Feyerabend, who holds a 2nd degree Black Belt in Judo. The club's advisor is Mr. Camp. When the club started, only a handful of people were interested, but now over 26 members enjoy working out every Tuesday and Thursday afternoon. We have four girls that fight just as hard as any boy in the club, which shows girls can do it too. The club is open to both boys and girls of any age. Though we work hard to better our skills and understanding of Judo, we also try to relax and have fun. We try to have parties after local tournaments, demonstrations, and sometimes before practice. Many of the members are new to the club, but by their hard and serious practice I foresee that Judo will see many future champions from the mats of E.H.S. Already two members this year have placed in National competition, Brent Robbins placed 3rd in the 205 lb. young men's division and Tom

Senyard placed 2nd in the 16 year old open division at the National YMCA Open Tournament. The club is looking forward to hosting the Southern AAU Tournament and hopes to have a banquet at the end of the year. Judo is a growing sport and defense in the world, nation, and great institutions such as Episcopal High School. We hope our club membership will grow, so that it can teach Judo and also help one's physical and spiritual strength come together. We also learn AiKido (study of arm and wrist locks) and Jui-Titsu (an ancient form of self-defense). The club is a member of the United States Judo Association and holds a class B charter. We sincerely invite anyone at any time to join the Judo Club.

"... take the whole armor of God, that you may be able to withstand in the evil day, and having done all, to stand." (Ephesians 6:13)

The FCA is dedicated to the Lord and this year we have tried to put the "armor of God" on other people so they will be able to live good Christian lives. The armor is truth, righteousness, peace, faith, salvation, and the most important one: The Word of God.

This year the Photography Club has hoped to accomplish its prime objective: to further interest and ability in photography and media related areas. To accomplish this goal, we have had several guest speakers from photographers in our area, shown films from many different sources on many varied subjects, and have taken part in a photographic essay of the Baton Rouge and surrounding areas. This past year has hopefully been not only interesting but productive for all.
